

City of Lake Forest Park Safe Streets

Open House - March 21

6:30pm - 8:30pm

Lake Forest Park City Hall Council Chambers

17425 Ballinger Way NE

Snacks and beverages provided

Please join us to help make our streets safer!

The City of Lake Forest Park is hosting an open house to get community input on priority projects to:

- Make its streets safer for pedestrians and cyclists, and
- Increase safe connections to transit and amenities like the Burke-Gilman Trail, Interurban Trail, parks, and schools.

The open house is part of the Safe Streets project, which was initiated by the City in the Fall of 2016. We hope to see you there!

Open house activities will include group discussion and a mapping exercise to help develop and prioritize a list of transportation improvements to improve safety that the City will use for project planning. City and consultant staff will also provide an overview of the project and share a draft list of projects as a starting point for discussion that is based on existing City plans and what we have already heard from community members. If you can't make it to the open house, please share your ideas via the online comment form on our website, or contact Neil Jensen, City Engineer at njensen@ci.lake-forest-park.wa.us, 206-368-5440.
